Dear Neighbor of the Little Falls Swimming Club:

Hello. My name is Maren Matal, and I am a volunteer who is the new Little Falls Swimming Club (LFSC) Board Representative to the Community Liaison Committee. I look forward to meeting you.

You are invited to attend one or both of our upcoming community meetings (the first of which will also include a walk-through):

Saturday, May 7, 2022, at 12:30 pm (at the picnic tables near the pool)

and

Monday, May 9, 2022, at 7:30 pm (via Zoom)

<https://us02web.zoom.us/j/87496718938>

These meetings will be an opportunity to ask questions, share feedback, and make suggestions.

At the meetings, we will share updates for this year's pool season. There will be information on the Pool opening (5/28), Swim/Dive Team schedule and operations, food truck visits, the bridge, and some ideas we have for our pool (including the possibility of extending the pool season on weekends in early May and through September, and perhaps opening a little earlier on Sundays).

For those of you who may not be familiar with the CLC, the committee was established in order to ensure and enhance communication between the pool and its neighbors. Each year, neighbors who confront or adjoin the pool are invited to a pre-season meeting and walk-through dedicated just for them. Also, each year, one LFSC Board Member is designated as the LFSC Board Representative to the CLC; as the Board Representative, I am your direct contact to the Board for any concerns, questions, or suggestions from neighbors. LFSC maintains a page on its website for the CLC:

Also, in an effort to maintain an updated list of LFSC neighbors and to improve communication, please send any updates (whether address, phone, or email address) to me via email maren.matal@yahoo.com. We will also continue to distribute hard copy notices before each CLC meeting. Email will be used as an additional way to keep in touch with you.

Thank you, and we hope to see you at one of our upcoming meetings (whether in person or via Zoom).

Sincerely,

Maren Matal
